Motorized Vehicle Impact Photo Documentation Report

Name: _____ Date: _____ Day of Week/Time: _____/_____
Area: _____ USGS Quad: _____ Township/Range/ Section: _____

Photo #	GPS Coordinates	Compass Bearing	Route #	Route Width	Erosion	Vegetation Damage	Exotics	Water	Comments

All measurements should be in inches and feet
Erosion (status of worst erosion): (0) erosion negligible, surface is stable with no ruts
(1) some surface flow on route, shallow wheel ruts
(2) overland surface flow channeled down route
(3) live stream channeled down route
(4) significant soil loss and/or soil movement on route
Vegetation damage: (0) none; (1) evident; (2) severe
Exotics (presence of exotic plant species): (0) no; (1) yes; (2) severe; (3) uncertain
Water (within 100' of a watercourse): (0) no; (1)yes
